## EXPERIENCE

### **Pernod Ricard USA**

*New York, NY*

#### **Supply Chain Performance Analyst – Inventory Optimization and Data Automation**

**January 2023 – May 2026**

- Spearheaded strategic initiatives cross-functionally with Finance & Operations teams to drive **\$200M Q2 2025** inventory target, with targeted actions – reduced production, sales push, organic destock, destruction – on \$54M of slow-moving inventory
- Built and maintained interactive dashboard on Microsoft Power BI (PBI) to monitor and classify \$300k+ worth of inventory across 70+ SKUs by shelf life, generating **~\$35k/month savings** and saving **1600 hours** annually
- Designed PBI dashboard to combat inventory mismatch for 500k+ cases across 120 SKUs, reducing discrepancies to ~30k cases and eliminating 100k+ cases of “inventory waste”, unearthing **\$250k savings** annually
- Automated ETA reporting by integrating 15+ reports – cleaning unstructured data and navigating complex transformational queries across multiple files over 900k rows on PBI, saving **400 hours** annually for Planning team
- Fostered distributor partnership by leading monthly meetings and adhoc requests to reconcile **2M+** cases in inventory
- Leveraged AI-driven workflows to enable real-time refresh and monitoring of **\$600k+** in shipment data

### **Tata Consultancy Services**

*Midland, MI*

#### **Data Analyst – Global Insights Team**

**March 2021 - December 2022**

- Directed development of shipment consolidation dashboard on PBI, driving 19% fewer shipments, 6% higher on-time shipments, and **\$45K** in recurring monthly savings through freight load optimization and Just-in-Time principles
- Created enterprise reporting processes tracking **\$30M+** in inventory across daily, weekly, and monthly cadences, facilitating teams in exceeding sales targets by 3% on average
- Engineered logistics reporting tool for 12,000+ monthly orders, improving forecast accuracy by 8% through rule-based anomaly detection and stakeholder feedback integration
- Cultivated relationship with LATAM team by supporting data asks, logistics reporting needs for **\$400k+** in orders

### **Biogen Inc.**

*New Brunswick, NJ*

#### **Project Intern – Sustainability and Risk**

**September 2020 - December 2020**

- Co-led 4-member team to build sustainable global supply chain risk dashboard, analyzing natural disaster exposure using Kaggle data and weighted risk models against supplier spend; identified **\$100k+** in cost savings opportunities by analyzing supplier spend data and validating findings through stakeholder deep-dives with Operations and Center of Excellence teams

### **Rutgers Supply Chain Analytics Laboratory**

*Piscataway, NJ*

#### **Research Assistant – Global Markets**

**May 2020 - August 2020**

- Built Tableau tool analyzing 20+ years of global supply chain restructuring across 3,000+ products in 20 categories
- Researched and synthesized datasets from Kaggle and public forums to define analytical requirements, conducted ETL and outlined recommendations based on vulnerabilities to support demand needs in markets

### **Matrimony.com Limited**

*Chennai, India*

#### **Decision Support Analyst – Customer Retention**

**December 2018 - March 2019**

- Led 6-person team to build organization’s first Python-based customer propensity-to-pay model (90% accuracy vs. 85% vendor model), improving targeting and reducing reliance on external tooling, driving **~\$30k** monthly value

## SKILLS/TOOLS

Programming: Proficient in SQL, Python, R

Software: Power BI, Tableau, Excel, Power Automate, Anaplan, JD Edwards, Hubble, Google Sheets

Skills: Data Analysis, Data Visualization, Data Modeling, Data Transformation, Gen AI, Agentic AI, Lean, Agile

## CERTIFICATIONS

Advanced Power BI: Expert Data Analysis and Visualization – Udemy | Fast Track to Power BI – XelPlus | Power BI Essential Training, Power BI Data Modeling with DAX, Cognitive Technologies: The Real Opportunities for Business – LinkedIn Learning

## EDUCATION

### **RUTGERS BUSINESS SCHOOL (RBS)**

*New Brunswick, NJ*

*Master of Supply Chain Analytics degree, January 2021*

### **ANNA UNIVERSITY – Sri Venkateswara College of Engineering (SVCE)**

*Chennai, India*

*Bachelor of Engineering, Computer Science and Engineering, May 2019*
